

ARCH

Architectural Sidewall Bar Grille

Powder Coated White Finish

Airvector®'s ARCH Grilles & Registers perfectly combine convenience, performance and look for high-end residential and commercial applications. Removable core is firmly held in place with strong clips to avoid rattling. Their slick design has no apparent screws. ARCH grilles have everything to please Interior Designers, Architects, Engineers and Contractors. Ideal for sidewall installation, ARCH grilles are fabricated of high-quality aluminum extrusions for extra solidity and durability.

Modern and Polished Look

Brushed & Lacquered Finish

Rare sidewall grille with no apparent screws

Combine great lines and quality finish for a very modern and polished look

Various finishes available

Easy Installation, Cleaning and Maintenance

Lightning Fast Installation

Remove core and fix in plenum with screws through the neck

Deep Cleaning

100% aluminum and powder coated, core can be easily removed and cleaned, or even soaked in soapy water for deep cleaning

Maintenance

Remove core in seconds to access ducts behind the grilles
